

We need your help!

Residents, property and business owners, and those interested in neighborhood revitalization in and around Southside, Old Munichburg, Lincoln University, Stadium Boulevard, and the U.S. 54 corridor are invited to attend public input sessions to discuss your concerns in these neighborhoods and give your ideas for how the heart of our community can be a better place to live, work, and play!

Join us for an Open House where community development and planning experts H3 Studio will lead the conversation about future community and neighborhood revitalization, including new parks, shopping amenities, housing, and neighborhood beautification.

Public Open House

Tuesday, May 17, 2016 • 4:00 to 7:00 p.m.

**Ballroom in the Scruggs University Center
at Lincoln University**

Light refreshments will be provided.
